DENTAL PROGRAM

NEW HAVEN  
PUBLIC SCHOOLS

**School Health Centers**

## ***Did you know your school had a DENTAL CLINIC?***

**Our Dental Clinics, part of the School Health Centers, feature state-of-the-art oral health equipment, modern dental materials and supplies. Services provided to enrolled students regardless of their insurance status and include:**

- Dental examinations /school wide screenings
- Prophylaxis (cleanings)
- Fluoride treatments
- Sealants
- Radiographs (x-rays)
- Assessment and referrals for walk-in conditions
- Oral health instruction & education
- Referrals made for other specialized services
- Fillings and simple extractions

**Dr. Richard Delvecchio, Dentist, Tracey Oberg, Hygienist and Alyssa Guarino, Hygienist** are the NHPS dental program providers who come to your school on a rotating basis.

### **HOW TO ENROLL A CHILD IN SMILE NEW HAVEN! DENTAL PROGRAM:**

Dental permission forms can be obtained at your child's School Health Center or from the Dental Hygienist. Parents must complete one form for each child at that school.

### **HOW DO SCHOOL DENTAL SERVICES HELP?**

- Little or no missed school time for students
- No missed work time or parents
- No transportation problems
- No language barriers
- Continuity of care
- Better dental health – fewer cavities

### **Richard DelVecchio, DDS**

**BIO:** Graduate of NYU School of Dentistry. Completed my residency at St. Mary's Hospital, where I gained valuable experience in all facets of dentistry. Over the years, also volunteered with numerous dental outreach programs.

### **Tracey Oberg, RDH B.S.**

**BIO:** Graduate of Tunxis Dental Hygiene 2011. Earned my B.S. in 2017. Have over 20+ yrs experience in the dental field, in many capacities. Over the years, participated in many outreach activities in the community.

### **Alyssa Guarino, RDH MSHA**

**BIO:** Graduate of the University of New Haven earning a B.S. in 2017 and a M.S. in 2018. Have 5 years of pediatric dental experience with 2.5 of those years being in the school based dental setting. Over the years, participated in several dental educational activities.

**Stop by the School Based Health Clinic and enroll your child for dental services TODAY!**
