This is proposed BOE Policy adopted from CABE with the inclusion of language on Restorative Practices

Students

Conduct and Discipline

Each student shall learn to respect the rights of others as individuals and as groups. The student shall learn the rules that govern appropriate behavior in his/her school and obey the rules established by the Board for all students. It is expected that:

- Behavioral expectations are fair, age appropriate and consistent across all schools.
- Behavioral expectations protect and support the educational process and every student’s right to an education.
- All students understand the behaviors expected of them.
- All students understand what will happen if they engage in behaviors that harm others and/or disrupt the learning environment.
- School Discipline reflects a restorative approach to supporting cooperative and productive behaviors in our school communities.

As applied in the New Haven Public Schools, restorative practices describe an approach to building positive, healthy relationships and community as a means to cultivating safe, supportive, and positive learning environments; preventing conflict as much as possible and responding to conflict and harm within the school community by seeking to repair the harm.

Restorative practices promote and nurture:
- Respect for all persons
- Social and emotional skills
- Cultural competency
- Building and restoring positive relationships
- Collaborative approaches to solving community issues
- Recognizing and addressing the needs of students, teachers, parents, guardians, school staff and district administrators
- Taking responsibility for harm
- Repairing harm

Restorative practices foster improved learning through positive relationships and interactions among peers, teachers and staff. Restorative practices recognize the impact of trauma and loss on our youth, while also establishing consequences and accountability for those causing harm and repairing harm that disrupts the learning environment. These practices recognize the importance of social and emotional health as a central component of learning.
Areas of Responsibility

Board of Education - The Board of Education holds the certified personnel responsible for proper conduct. Students, while legally under the supervision and jurisdiction of the school, are the responsibility of certified personnel.

Principal - The Principal may implement necessary procedures and rules and regulations to render effective the policies of the Board of Education relating to standards of student behavior. The Principal may involve representatives of all areas of school personnel, students, parents and citizens of the community.

Teachers - Teachers shall be responsible for the instruction of students in rules and regulations of proper conduct, as well as be responsible for properly and adequately defining safe boundaries of behavior with students. The responsibility and authority of any teacher extends to all students of the school district under the assigned supervision of the teacher and to other students so situated with respect to the teacher as to be subject to the teacher’s responsibility.

Parents - Parents shall be expected to cooperate with school authorities regarding the behavior of their children. Parents shall be held responsible for the willful misbehavior of their children.

I. Definitions

C. School-Sponsored Activity means any activity sponsored, recognized or authorized by the Board and includes activities conducted on or off school property.

I. Definitions (continued)

E. **In-School Suspension** means an exclusion from regular classroom activity for no more than ten (10) consecutive school days, but not exclusion from school, provided such exclusion shall not extend beyond the end of the school year in which such in-school suspension was imposed. No student shall be placed on in-school suspension more than fifteen (15) times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion.

F. **Suspension** means the exclusion of a student from school and/or transportation services for not more than ten (10) consecutive school days, provided such suspension shall not extend beyond the end of the school year in which such suspension is imposed; and further provided no student shall be suspended more than ten (10) times or a total of fifty (50) days in one school year, whichever results in fewer days of exclusion, unless such student is granted a formal hearing as provided below. All suspensions shall be in-school suspensions unless the administration determines for any student enrolled in grades three through twelve, inclusive, that (1) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension or (2) that an out-of-school suspension is appropriate based on evidence of previous disciplinary problems that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive support strategies.

A student enrolled in grades preschool to two, inclusive, may be given an out-of-school suspension if it is determined by the administration that such a suspension is appropriate based on evidence that the student’s conduct on school grounds is of a violent or sexual nature that endangers persons. In addition, a person’s duty as a mandated reporter to report suspected child abuse or neglect is not limited by this section.

G. **Expulsion** means the exclusion of a student, grades three to twelve inclusive, from school privileges for more than ten (10) consecutive school days. The expulsion period may not extend beyond one calendar year. In order to be expelled, the conduct of a student must be found to be both (1) violative of a Board policy and
(2) either seriously disruptive of the educational process or endangering persons or property.

H. **School Days** shall mean days when school is in session for students.

I. **Seriously Disruptive of the Educational Process** means any conduct that markedly interrupts or severely impedes the day-to-day operation of a school. Notwithstanding the foregoing, the reassignment of a student from one regular education classroom program in the district to another regular education classroom program in the district shall not constitute a suspension or expulsion.

   In making a determination as to whether such conduct is seriously disruptive of the educational process, the Administration and/or the Board of Education may also consider whether such off-campus conduct involved the use of drugs.

2. When considering whether conduct off school grounds is seriously disruptive of the educational process, the term “weapon” means any pistol or revolver, any
dirk knife or switch knife having an automatic spring release devise by which a blade is released from the handle, having a blade of over one and one-half inches in length, and any other dangerous or deadly weapon or instrument, including any sling shot, blackjack, sand bag, metal or brass knuckles, stiletto, knife, the edged portion of the blade of which is four inches and over in length or martial arts weapon as defined below at section VI.B.

IV. Procedures Governing Removal

A student may be removed from class by a teacher or administrator if he/she deliberately causes a serious disruption of the educational process. When a student is removed, the teacher must send him/her to a designated area and notify the Principal or his/her designee at once. A student may not be removed from class more than six times in one school year nor more than twice in one week unless the student is referred to the building Principal or designee and granted an informal hearing at which the student should be informed of the reasons for the disciplinary action and given an opportunity to explain the situation.

V. Procedures Governing Suspension

A. The Principal of a school, or designee on the administrative staff of the school, shall have the right to suspend any student for breach of conduct as noted in Section II of this policy for not more than ten (10) consecutive school days. All suspensions shall be in-school suspensions unless the administration determines that for a student enrolled in grades three through twelve, inclusive, (1) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension or (2) that an out-of-school suspension is appropriate based on evidence of previous disciplinary problems that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive support strategies.

An out-of-school suspension may be given to a student enrolled in grades preschool through grade two, inclusive, if it is determined by the administration that an out-of-school suspension is appropriate due to evidence that the student’s conduct on school grounds is of a violent nature or sexual nature that endangers persons.

For any student who is suspended for the first time and who has never been expelled, the school administration may shorten the length of or waive the suspension period if the student successfully completes an administration-specified program and meets any other administration-required conditions. Such program shall be at no expense to the student or his/her parents/guardians.

The Principal or designee shall report the student to the Superintendent or designee and request a formal Board hearing.

VI. Procedures Governing In-School Suspension

A. The Principal or designee may impose in-school suspension in cases where a student’s conduct endangers persons or property, violates school policy, seriously disrupts the educational process or in other appropriate circumstances as determined by the Principal or designee. B. In-school suspension may not be imposed on a student without an informal hearing by the building Principal or designee.

behavior of the student in the years following the expulsion warrants an expungement. Such notice shall be expunged from the cumulative educational record by the Board if the student graduates from high school.

B. If a student’s expulsion is shortened or the expulsion period waived based upon the fact that the student was expelled for the first time, had never been suspended, and successfully completed a Board specified program and/or met other conditions required by the Board, the notice of expulsion shall be expunged from the cumulative educational record if the student graduates from high school or, if the Board so chooses, at the time the student completes the Board specified program and meets any other conditions required by the Board.
Students

C. In the case of a student in grades kindergarten to grade eight inclusive expelled for the possession of a firearm or deadly weapon, the Board may expunge from the student’s cumulative education record the notice of the conduct for which the student was expelled if the Board determines that the conduct and behavior of the student in the years following the expulsion warrants an expungement.

A. Student moving into the school district:

1. If a student enrolls in the district while an expulsion hearing is pending in another district, such student shall not be excluded from school pending completion of the expulsion hearing unless an emergency exists, as defined above. 2. Where a student enrolls in the district during the period of expulsion from another school district, the Board may adopt the decision of the student expulsion hearing conducted by such other school district. The Board shall make its determination based upon a hearing held by the Board which shall be limited to a determination of whether the conduct which was the basis of the expulsion would also warrant expulsion by the Board.

B. Student moving out of the school district:

Where a student withdraws from school after having been notified that an expulsion hearing is pending, but before a decision has been rendered by the Board, the notice of the pending expulsion hearing shall be included on the student’s cumulative record and the Board shall complete the expulsion hearing and render a decision. If the Board subsequently renders a decision to expel the student, a notice of the expulsion shall be included on the student’s cumulative-record.
XIII. Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act (“IDEA”)

A. Suspension of IDEA students:

Notwithstanding the foregoing, if the administration suspends a student identified as eligible for services under the IDEA, as reauthorized in 2004, (an “IDEA student”) who has engaged in conduct that violated any rule or code of conduct of the school district that applies to all students, the following procedures shall apply:
Students

2. During the period of suspension, the school district is not required to provide any educational services to the IDEA student beyond that which is provided to all students suspended by the school district.

B. Expulsion and Suspensions that Constitute Changes in Placement for IDEA students:

Notwithstanding any provision to the contrary, if the administration recommends for expulsion an IDEA student who has engaged in conduct that violated any rule or code of conduct of the school district that applies to all students, the procedures described in this section shall apply. The procedures described in this section shall also apply for students whom the administration has suspended in a manner that is considered under the IDEA, as it may be amended from time to time, to be a change in placement:

1. The parents of the student must be notified of the decision to suspend on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to suspend was made.

2. The school district shall immediately convene the IEP team, but in no case later than ten (10) school days after the recommendation for expulsion or the suspension which constitutes a change in placement was made. The relevant members of the student’s IEP team shall consider the relationship between the student’s disability and the behavior that led to the recommendation for expulsion or the suspension which constitutes a change
in placement, in order to determine whether the student’s behavior was a direct manifestation of his/her disability.

3. If the IEP team finds that the behavior was a direct manifestation of the student’s disability, the administration shall not proceed with the recommendation for expulsion. The IEP team shall consider the student’s misconduct and revise the IEP to prevent a recurrence of the misconduct and to provide for the safety of other students and staff.

4. If the IEP team finds that the behavior was not a manifestation of the student’s disability, the administration may proceed with the recommended expulsion or suspension that constitutes a change in placement.

1. was in possession of a dangerous weapon, as defined in 18 U.S.C. 930(g)(2), as amended from time to time, on school grounds or at a school-sponsored activity, or

2. Knowingly possessed or used illegal drugs or sold or solicited the sale of a controlled substance while at school or at a school-sponsored activity; or
3. Inflicted serious bodily injury to another person at school, on school premises or at a school function.

As used in this subsection XIIC., the term “dangerous weapon” means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2.5 inches in length.

2. The district shall immediately convene the student’s Section 504 team (504 team), for the purpose of reviewing the relationship between the student’s disability and the behavior that led to the recommendation for expulsion, in order to determine whether the student’s behavior was a manifestation of his/her disability.

3. If the 504 team finds that the behavior was a manifestation of the student’s disability, the administration shall not proceed with the recommendation for expulsion. The 504 team shall consider the student’s misconduct and revise the 504 plan to prevent a recurrence of the misconduct and to provide for the safety of other students and staff.

4. If the 504 team finds that the behavior was not a manifestation of the student’s disability, the administration may proceed with the recommendation for expulsion.

Policy adopted:
Code of Conduct New Haven Public Schools

I. Summary

The purpose of Code of Conduct is to provide school personnel, students, parents and guardians with a consistent framework of expected behaviors and responses to behaviors that are harmful or negatively affects others’ ability to learn. The Code is design to ensure that:

1. Behavioral expectations are fair, age appropriate and consistent across all schools.
2. Behavioral expectations protect and support the educational process and every student’s right to an education.
3. All students understand the behaviors expected of them.
4. All students understand what will happen if they engage in behaviors that harm others and/or disrupt the learning environment.

This Code applies to every student under the jurisdiction of the New Haven Board of Education. It is in effect on all school properties and wherever school personnel have responsibility for students. It also applies to all students when they travel to and from school.

The Code reflects a restorative approach to supporting cooperative and productive behaviors in our school communities. Restorative Practices “are processes that proactively build healthy relationship and a sense of community to prevent and address conflict and wrong doing.”¹ Therefore, a restorative approach is meant to restore balance, improve or build relationships, and promote cooperation between community members. It is most effective when used proactively to prevent conflict and harm, rather than solely as a response to events.
II. Explanation of Restorative Practices

As applied in the New Haven Public Schools, restorative practices describe an approach to building positive, healthy relationships and community as a means to cultivating safe, supportive, and positive learning environments; preventing conflict as much as possible and responding to conflict and harm within the school community by seeking to repair the harm.

Restorative practices promote and nurture:

- Respect for all persons
- Social and emotional skills
- Cultural competency
- Building and restoring positive relationships
- Collaborative approaches to solving community issues
- Recognizing and addressing the needs of students, teachers, parents, guardians, school staff and district administrators
- Taking responsibility for harm
- Repairing harm

Restorative practices foster improved learning through positive relationships and interactions among peers, teachers and staff. Restorative practices recognize the impact of trauma and loss on our youth, while also establishing consequences and accountability for those causing harm and repairing harm that disrupts the learning environment. These practices recognize the importance of social and emotional health as a central component of learning.

Consequences for disruptions to the learning community, are outlined in this Code. Whenever possible, the New Haven Public Schools strives to avoid exclusionary responses by employing consequences that seek to repair the harm done to individuals and the community. A restorative response includes solutions that support both the recipient of the harm and the person who has committed the harm, so that both move forward safely, cooperatively, and productively.

These practices address the needs of the community through:

- Identification and discussion of community and individual needs
• Building healthy relationships
Resolution of conflict by exploring how each person has been affected and holding individuals and groups accountable
Repairing harm and restoring positive relationships Reducing, preventing and improving harmful behaviors

When thinking about a consequence, key questions to inform the choice are:
• Has the person(s) who was harmed met with the person who committed the harm?
• Did the person harmed express his/her needs and identify what is needed to repair the harm?
• Will this consequence work to **repair** the harm that has been done?
• Will this consequence **restore** the relationships in the community to one that promotes mutual respect and cooperation?

This Code represents the collaborative work of representatives from the Mayor’s office, administrators, teachers, parents, the New Haven Federation of Teachers, consultants, and community members.

IV. Expectations for Essential Stakeholders

Cooperation and attention to the needs of parents, guardians, family members, school personnel, and students are necessary to achieve a school climate that enables learning.

Students
Students are expected to actively engage in the learning process and respect all members of the school community, including other students, teachers, and school staff. With the assistance of adults, including parents/guardians, teachers, and school staff, students should understand and follow their responsibilities as defined in the “Rights and Responsibilities” section of this document.

Parents and Guardians
As children’s initial and ongoing teachers in the home environment, parents/guardians play a major role in the success of their children at school. Parents/guardians can help ensure success for their children in school and beyond, by becoming familiar with and cooperating with restorative approaches to managing harm and behaviors that disrupt the learning
environment. Parents/guardians can further support student school success through the following:

1. Maintain a positive attitude toward school and education.
2. Show interest in their children’s educational progress.
3. Monitor and encourage children to complete homework assignments.
4. Ensure that their children arrive at school on time.
5. Teach their children respect for the authority of school personnel by cooperating with school personnel in solving any behavioral or educational problems.
6. Encourage their children to follow the Code of Conduct.
7. Encourage students to share if there are problems at school.
8. Cooperate with school personnel in solving behavioral problems.
9. Ensure that their children are neat, clean, and appropriately dressed.

**Schools**

With guidance and assistance from the Board of Education staff, each school shall develop a whole school restorative practices plan to promote a safe and supportive learning environment for all students, teachers, and staff. The plan will include restorative practices and a positive behavior support system which develop mutual respect, promote constructive restorative conflict resolution skills, encourage good behavior and have fair, reasonable, and restorative consequences for inappropriate behavior.

**School Staff (other than teachers & administrators)**

Other school staff, School Resource Officers (SROs), bus drivers, cafeteria, clerical, administrative, and custodial staff are important contributors to the school and school transportation environment. In their interactions with students school staff should contribute to promoting a safe and supportive learning environment using restorative practices.

**Teachers**

Classroom behavior management begins with the relationship between teacher and student. Teachers are, therefore, expected to maintain a responsive classroom environment, practice, model, and encourage restorative practices, and to manage behavior proactively in the classroom in an age-appropriate manner.
The teachers will take the following actions:

8. Employ restorative practices in class that are appropriate to the situation and grade-level. This includes community building circles, problem solving circles, and the development of classroom norms using the community building circle process for
9. creating classroom expectations.

2. Schedule or request referral of student to a school-based restorative process, such as a conflict circle or formal restorative conference.
3. Contact the student’s parent/guardian.
4. Request a meeting with student, teacher and administrator.
5. Schedule a conference with the parent/guardian, the person(s) who was affected or harmed and other appropriate staff.
6. Refer the student to the Student Staff Support Team (“SSST”).
7. If appropriate, refer the student to Youth Stat.

There are behaviors that, due to their repetition or severity, may warrant the intervention of the school administration.

Administrators
Will create a climate where community building circles are used to develop strong relationships and teachers are using circles to develop classroom norms that support the individuals within the class. These norms will employ narrative questioning techniques to build a common understanding of the needs of the classroom community. Teachers will use restorative questioning techniques to resolve minor issues within the class. Teachers will also use affective questions and statements to increase interpersonal understanding, model social emotional skills, increase cultural competency and promote cooperation within the classroom.

In any situation where harm has occurred or is alleged to have occurred, the principal or designee will hear the student’s explanation and investigate the matter fully before determining a response. The principal or designee will determine the extent of the harm and what needs have arisen as a result of that harm, what restorative practices have been employed in response to the harm, previous incidents involving the student, and what restorative practices or programs are
available and appropriate to address the needs any harms or disruptions to the learning community that may have been caused by the behaviors of others.

V. Classifications of Behaviors that Result in Harm or Disruption to the Learning Environment and Responses

Behaviors that harm others or disrupt the education of other students are grouped into four (4) levels: Minor, Intermediate, Major I, and Major II. A restorative practices approach should be used in response to instances where others have been negatively affected. Suspensions are reserved for more serious behaviors and/or when restorative approaches have not resolved the problem. Expulsions are reserved only for the most serious behaviors that impact the safety of the school community.

Previous restorative responses shall be documented and considered in any suspension or expulsion hearing. However, the principal’s primary responsibility is to maintain order and protect the safety and security of all students and faculty. Therefore, in response to any given situation, the principal should exercise his or her discretion consistent with promoting a safe and supportive learning environment.

The following behavior code classifications include travel to and from school, behavior at school, and while participating in any school-sponsored events.

Level 1: Minor Behaviors that Affect Others Negatively

DEFINITION: Minor disruptive or harmful behaviors includes those which disrupt the educational environment, including conflict with other students, but does not include safety risk, damage to property, or physical harm to self or others.
Level 1 behaviors include those recurrent or continued instances of minor disruptive behaviors that interfere with the ability of students to learn, the teacher’s ability to teach or interferes with school activities or processes (such as movement about the building, meals, transportation to and from school, sports events, etc.). Using affective restorative language, simple, isolated reminders of expectations and agreements and/or calling the student’s attention to the need to change disruptive behavior should be considered part of ordinary classroom and school management.

Where a student or students persist in disruptive behavior or repeats a disruptive behavior, then the student’s actions would be considered level 1. Profane, obscene, or vulgar language or expression (in any language) directed at others, whether verbal, written, or by gesture, may be considered level 1 behavior, depending upon severity.

When the behavior is recurrent, whenever possible and preferably prior to the behavior being reported as level 1, the parent(s)/guardian should be contacted to discuss whether there are issues impacting the student’s behavior and to discuss ways to improve the student’s behavior to promote optimal learning.

**Responses to Level 1 Behaviors** should employ restorative practices and focus on prevention of future disruptive or harmful behaviors and/or repetition of the behavior.

The teacher or staff person will give notice to the school administration through the school’s referral process and the parent(s)/guardian(s) will be notified about the behavior and actions taken. School administration will provide assistance to enhance the student – teacher (or student-staff member) relationship and to promote a positive educational environment.

Examples include, but are not limited to:
- Use of informal restorative practices
- Harm circle process
- Formal restorative conference to repair harm and/or repair relationships always includes the person(s) harmed and the person who committed the harm
- Consultation with parent(s)/guardian(s)
Level 2: Intermediate Behaviors that Affect Others Negatively

DEFINITION: Intermediate behaviors include behavior that substantially disrupts the educational environment and has the potential to put at risk the safety and security of students, teachers, and staff. Intermediate behaviors also include chronic level 1 behaviors that have not responded to restorative approaches (three or more reports of level one behaviors within a relatively short period of time) and actions which compromise the integrity of students or the school.

Intermediate behaviors include, but are not limited to:
• cheating on tests or on academic assignments, including plagiarism (copying the work or ideas of another)
• serious and intentional disruption of a school activity
• harassing behavior targeting another student, teacher, or staff member whether verbal, physical, written, or electronic.
• physical fighting by students in grades K-8
• minor vandalism (under $100)
• using social media in ways that disrupt school activities or to embarrass or harass others
• distributing to others non-prescription medication, such as Tylenol, that is generally considered non-harmful

Responses to Level 2 behaviors should employ restorative practices and focus not only on prevention of future incidents, but also on ways to repair any harms caused by or the disruptive or harmful behavior. Responses should be age appropriate. In addition to preventing and repairing harms, the purpose of responses to harmful behavior should be to promote relationships and support and develop positive social interactions.

The teacher or staff person will give notice to the school administration through the school’s referral process. The parent(s)/guardian(s) will be notified of the behaviors and actions taken. School administration will provide assistance to deepen the student – teacher (or student- staff member) relationship and to enhance the educational environment.
Examples include, but are not limited to the following:
• Use of informal restorative practices
• Harm circle process
• Formal restorative conference to repair harm and/or repair relationships which **always includes** the person(s) harmed and the person who committed the harm.
• Consultation with parent(s)/guardian(s)

Specific actions for student, school staff, family, or others will be determined through the restorative process, will be appropriate to student’s age and nature of the behaviors, and may include behavioral contract, restitution and/or remediation, community service, and/or referral for supportive services.

**Levels 3 and 4: Major Behaviors that Affect Others Negatively I & II**

Major behaviors are those which may result in out-of-school suspension. It is a goal of the State of Connecticut to reduce the incidence of out-of-school suspension in public schools. The state requires the use of the following decision making guide in determining whether or not out-of-school suspension is warranted. However, in the absence of legislation requiring the use of in-school suspension and in the absence of fully funded in-school suspension programs in all the schools, it should be recognized that out-of-school suspension remains an option for the harmful behaviors in these categories. The decision guide, criteria, and consideration of mitigating factors described below apply to both Level 3 and Level 4 behaviors.

**Level 3: Major Disruptive or Harmful Behaviors 1**

**DEFINITION:** Major Disruptive or Harmful Behaviors 1 includes behavior that severely disrupts the educational environment, endangers students or staff, and/or causes significant damage to school property.

Major Disruptive or Harmful Behaviors 1 may result in referral to outside agencies such as the New Haven Juvenile Review Board, other social service or mental health agencies or programs, **or as a last resort** the police department. Major Disruptive or Harmful Behaviors 1 also includes chronic intermediate behaviors (three or more occurrences) that continued despite use of restorative approaches. Examples include, but are not limited to the following:
• Alcohol or marijuana: the use, possession, sharing, or being under the influence
• Bullying and other forms of repeated harassment
• Distribution of a non-prescription medication for purposes not according to labeling
• Possession or use of illegal drugs or drug paraphernalia
• Electronic tampering: unauthorized access to information systems or unauthorized use of school or others’ electronic equipment (including computers, fax machines, telephones, etc.)
• Physical fighting by students
• Distribution or possession of fireworks
• Hazing
• Harassment based on gender, race, religion, disability, and other protected categories
• Indecent exposure
• Malicious threats of violence
• Possession of a common pocket knife or other weapon or dangerous instrument (other than a firearm, deadly weapon, or martial arts weapon)
• Secret society; organization, establishment, promotion, membership, participation in any secret society related activity or wearing any secret society organization or gang logo in any way which is disruptive of the educational process.
• Sexual harassment
• Theft
• Trespassing
• Vandalism over $100
• Other serious behaviors that result in harm or disruption to the educational environment which the principal/designee reasonably believes fall within this category.

Responses to Level 3 /Disruptive or Harmful Behaviors 1 should employ restorative practices and focus on ways to repair any harms caused by the harmful behavior as well as include prevention of future harmful behaviors. Responses also should be age appropriate. To repair harm and prevent future behaviors that result in harm or disruption to the educational environment restorative processes should be utilized.

Notification of parent/guardian is required.

NOTE: Appropriate law enforcement agencies may be notified if the principal/principal’s designee reasonably believes that the behavior involved qualifies as a criminal act under Connecticut Law.
**In the case of bullying ONLY, refer to the full Bullying Policy and implement progressive discipline as noted.**

Responses to instances of Disruptive or Harmful Behaviors I include, but are not limited to:
- Restorative conferencing that includes student’s family/guardian
- Restorative conferencing for serious incidents may require outside adult assistance.
- Circle process
- Referral to a school-based restorative review board
- Referral to New Haven Juvenile Review Board or other support services
- Based on restorative process used and as determined by the restorative process, additional responses may include, but not be limited to, assignment to an alternative educational program, restitution, community service, or referral/access to supportive services.
- Suspension (see in-school and out-of-school suspension description below)
- SSST or Youth Stat referral.
- Recommendation for expulsion may be appropriate, but only where instances of Major Disruptive or Harmful Behaviors result in serious harm or disruption to the educational environment.

In-school suspension may be used, where needed for safety, protection of those harmed, or the short term prevention of further disruption. Suspension from school or transportation services may be used for safety concerns or to protect person(s) harmed from further harm. The length of suspension is determined by the need for safety or protection, the nature of the behavior and the number of previous instances of harmful or disruptive acts. Restorative approaches should be considered and previous restorative applications should be documented prior to suspension.

During any period of suspension pending application of a restorative practices process, students lose all privileges pertaining to extracurricular events and activities. Any further loss of privileges would be determined through the restorative practices process.

**Level 4: Major Disruptive or Harmful Behaviors II**
DEFINITION: Major Disruptive or Harmful Behaviors II includes behavior that severely disrupts the educational environment, puts the safety and security of students and staff at risk, and/or leads to consequences defined by state law. Disruptive or harmful behaviors at this level include harm to self or others, and/or significant damage to school property.

Major Disruptive or Harmful Behaviors II includes referral to outside agencies such as 211, the police department, or New Haven Juvenile Review Board. Behaviors also include Major disruptive or harmful behaviors 1 that have become chronic (three or more occurrences).

Examples include, but are not limited to the following:
- Alcohol or marijuana: sale or attempted sale (including substances represented as alcohol or marijuana)
- Arson
- Assault/Battery on a student or students or on a school board employee resulting in serious bodily harm
- False alarm: submitting or calling in a false alarm
- Bomb threat
  *Use of fireworks
- Illegal Drugs other than marijuana (including counterfeit): distribution, attempted distribution, sale, or attempted sale
- Explosives: willful possession of
- Firearms; the distribution, sale, attempted sale, use or willful possession
- Homicide
- Kidnapping
- Distribution of prescription medication or drugs to others
- Sexual assault
- Vandalism over $1,000
- Vehicle Theft
- Weapon: the use or threatened use of a weapon or dangerous instrument against a person
  - Weapon: the willful possession of a deadly weapon (not including a common pocket knife), dangerous instrument, or martial arts weapon as defined by State law
- Introduction of a foreign substance (toxic or harmful) into food or drink

Responses to Level 4 /Major Disruptive or Harmful Behaviors II should employ restorative practices approaches as much as possible and focus on ways to repair
any harms caused by and/or contributing to the disruptive or harmful behavior as well as include prevention of future disruptive or harmful behavior. Responses also should be age appropriate.

Notification of parent/guardian is required as soon as possible.

NOTE: Appropriate law enforcement agencies may be notified if the principal/principal’s designee reasonably believes that the behavior involved qualifies as a criminal act under Connecticut Law.

**In the case of bullying ONLY, Refer to the full Bullying Policy and implement progressive discipline as noted.

Responses to instances of Major disruptive or harmful behaviors include, but are not limited to:
- Restorative conferencing that includes student’s family/guardian
- Referral to a school-based restorative review board
- Circle process
- Mediation, which may require external, experienced, adult mediators
- Referral to New Haven Juvenile Review Board or other support services
- Based on the restorative process used and as determined in the restorative process, additional responses may include, but not be limited to, assignment to an alternative educational program, restitution, community service, referral/access to supportive services
- Referral to SSST or Youth Stat
- Suspension (see in-school and out-of-school suspension description below)
- Expulsion

In-school suspension may be used, where needed for safety, protection of those who have been harmed, or prevention in the short term of further disruption. Suspension from school or transportation services may be used for safety concerns or to protect those who have been harmed from further harm. The length of suspension is appropriate to the needs for safety or protection, the nature of the harmful behavior, and to the number of previous instances of behaviors that have resulted in harm or a disruption of the learning environment. Restorative approaches should be considered and previous restorative applications should be documented prior to suspension.
During any period of suspension pending application of a restorative practices process, the student(s) lose all privileges pertaining to extracurricular events and activities. Any further loss of privileges would be determined through the restorative practices process.

NOTE: Since major disruptive or harmful behaviors II actions involve possible criminal acts under Connecticut Law, the appropriate law enforcement agencies will also be notified. Suspension from school or transportation services is required pending implementation of a restorative practices process or initiation of expulsion proceedings.

If the principal determines that there are extenuating circumstances, length of the suspension should be appropriate to the harmful behavior exhibited, to safety and protection of those who are harmed and others, and to the number of previous violations. Current and previous restorative applications with the student will be documented and considered.

Initiation of expulsion proceedings is required, based on state law, for possession of a firearm, dangerous weapon, dangerous instrument, or martial arts weapon or offering for sale or distribution a controlled substance. In other situations, the principal may recommend initiation of expulsion proceedings for students in grades three through twelve based upon the seriousness of the behavior, any extenuating circumstances, and after review and documentation of previous restorative practice applications and a determination that those have not worked.

The principal may alternatively refer the student to a restorative practices alternative, including but not limited to the following:
Restorative Conference
Referral to New Haven Juvenile Review Board
Referral to New Haven Youth Court
Referral to SSST (Student Support Services Team)
Referral to Youth Stat
Emergency Psychiatric Services (211)
Title 9 Coordinator

VI. Suspension Decision Guide
School administrators are required to use this reference guide to inform the decision for an out-of-school suspension. The student must meet either Criterion 1 or Criterion 2 in order to be considered for out-of-school suspension. Where the student’s actions meet either of these criteria, the school administrator should first examine what restorative practice alternatives may be available and document restorative practices previously applied for the student. In addition, the school administrator should then examine the list of mitigating factors that are applicable to each criterion because they may have a role in determining a course of action.

**CRITERION 1 – Endangerment to Persons/Property**
Student poses a danger to persons or property that exposes a pupil or property to damage or injury, peril, risk, hazard or any harmful situation, (e.g., violent crimes, weapons possession and drug distribution) that out-of-school suspension is warranted.

**CRITERION 2 – Serious Disruption**
Student poses such a serious disruption to the educational process that causes a serious disorder, confusion, interruption or impediment to the operation of a class, study hall, library, assembly, program or other gathering involving pupils or staff members that out-of-school suspension is warranted.

**Questions to consider:**
1. Does the behavior markedly interrupt or severely impede the day-to-day operation of a school?
2. Is there a pattern of frequent or recurring incidents versus a single incident?
3. Have restorative practices alternatives been applied or could they be applied?

**Mitigating Factors to Weigh in the Determination**
1. Intensity of any or all offenses
2. Age, grade level and developmental stage of the student
3. Learning/behavioral support provided to the student (e.g., through special education, Section 504, etc.)
4. Student’s discipline history and likelihood of repetition
5. Student’s intent and expressed reasons for the behavior
6. Student’s academic progress and relative risk of lost instruction
7. Interpretation of culture and communication factors
8. History of school and family collaboration in supporting positive behaviors
10. Student’s mental health
11. Availability of mental health support services

Note – We will need a cover letter from Superintendent. Need to add the expulsion hearing process (separate document).

Key assumptions to the January forecast:
• In-person instruction resumes January 19.
• We only receive half of the Magnet School Transportation Grant.
• We annualized the January 8 payroll for the full year.
• Revenue estimates so far are conservative and not fully projected or allocated.

What’s driving the current surplus projection:

- We needed to correct an error in the payroll calculation; note the difference between the November and January forecasts in the salary lines.
- Vacancies still impacting salary expenses for non-instructional full-time positions.
- Substitutes so far look favorable, even with ADA accommodations for certified staff and slight increase in daily rate because of change in minimum wage.
- In general, lower spending with buildings not in use through mid-January.
- The projection is likely still conservative.
December Fiscal Results
• Total expenditures through 12/31/20 are $85.6 million.

• General Fund expenditures incurred through 12/31/20 are $61.5 million or 32.5% of the adopted budget.

• Grant expenditures incurred through 12/31/20 are $24.1 million or 32.2% of the expected grant revenue.

Notes:

- Transportation and tuition expenditures do not reflect funds received from grants (Special Ed Excess Cost, Magnet School Transportation) or other revenues (tuition received from other districts sending students to New Haven). These will lower the gross expenditures once the funds are received.

- Actual transportation expenses are understated – large batch of invoices to be paid in January.

How to read the new grant revenue exhibit (letters refer to column letters on the prior page):

A  The total amount we were awarded for the grant in 2019-20
B  Because of Covid-19, we are permitted to unexpended money in some grants in 2020-21. It ‘carries over’ to the next fiscal year.
C  This is new funding we were awarded in 2020-21.
D  Funding we haven’t received yet, but will.
E  C+D. The total new money we’ll receive for the grant this year.
F  B+E. The sum of the carryover funds and the new money. This is what’s available to spend in 2020-21.
G  E-A. This measures the change in new money only, and excludes the effect of the carryover.
H  G/A. Calculates, on a percentage basis, the change in the new money year over year.
Notes:

• New CRF (Coronavirus Relief Fund) grant combined with ESSER (CARES Act I).

• $17.7 million drop in new funds largely due to ESSER and quarterly installments of Federal magnet funds. SIG grants recently approved and should be included next month.

• Adjusting for the above, new money still down about $3 million from the prior year.

• However, total funds available to spend are nearly the same.

• CARES Act II?
